

WHITEPAPER

# Shiba king Concept

ShibaKing is a meme token created by a community of investors and lovers of the famous Shiba Inu coin. Our main goal is to spread the Shiba Inu far and wide through this meme coin that was designed on a dividend reflection protocol. Through this kind of smart contract, we aim to create the biggest hype ever in terms of MemeCoin and reach the goal of millions of dollars distributed in SHIB for all those who venture into Shiba King.

SHIBA INU COIN

SHIBA KING  
TOKEN

SHIBA LOVERS / INVESTOR

# KING'S NUMBER

# KING'S TOKENOMICS

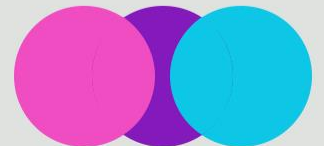

# Are we SAFU?

We guarantee total security of the ShibaKing Token (SHK) through a technical audit carried out on the smart contract in order to verify the existence of errors and/or major problems that could be harmful to the project's ecosystem.

## MARKETING

Our strategy is to drive everything effectively, including marketing channels, large listing websites, ads and real Crypto influencers.

OPPORTUNITIES **M**

We aim to create the biggest hype ever in terms of MemeCoin

**O**

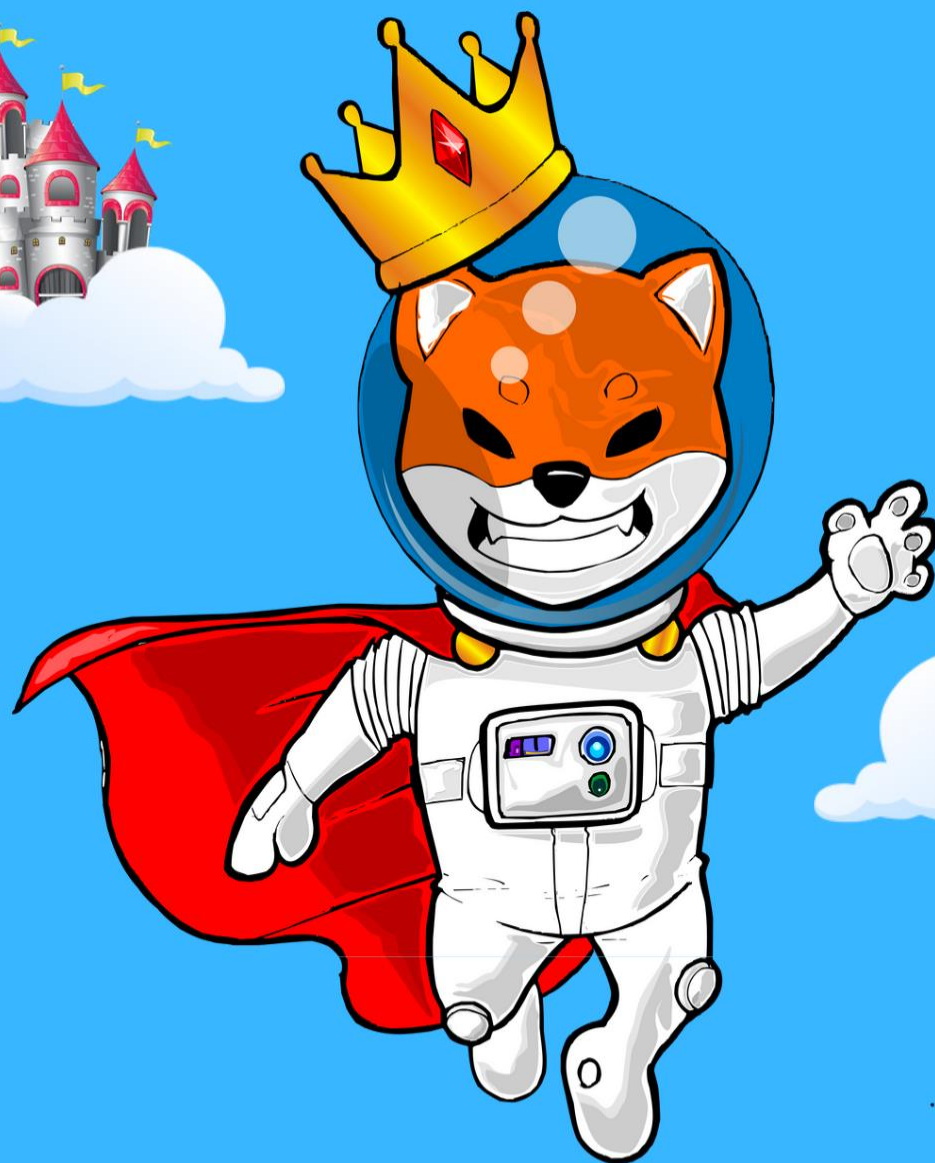

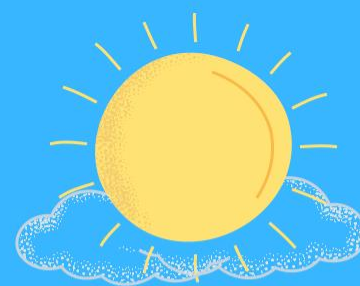

## STAKE

At a time we are planning to allow investors to stake SHK tokens and BNB into the liquidity pool through our website and receive back SHIB as your reward.

**G** NFTS

The NFT Marketplace allows you to mint new NFTs, trade them and stake them for rewards. The first collection of Shiba King features

**T**  
limited edition.
